

CANDIDATE PROFILE

Product Manager

amina@example.com | +234 8000000000 | Lagos, Nigeria | linkedin.com/in/amina-okafor | aminaokafor.com

TECHNICAL SUMMARY

Product manager with experience coordinating customer research, roadmap planning, and launch execution across African fintech products. Strong record partnering with engineering, support, compliance, and sales teams to improve onboarding and reporting workflows.

PROJECTS

Merchant Activation Dashboard

SQL, Power BI, Spreadsheet models

Created reporting workflow for weekly product decisions and activation funnel reviews.

Graduate Career Toolkit

Research, documentation, content strategy

Designed a structured onboarding guide and checklist for entry-level candidates applying to fintech operations roles.

Partner Feedback Loop

Airtable, interviews, stakeholder mapping

Consolidated field team feedback into product themes for quarterly planning.

EXPERIENCE

Product Manager

LagosPay | Lagos

2022-02 – Present

- Led roadmap planning for merchant onboarding workflows used by sales and support teams.
- Coordinated user research across 45 merchants and translated findings into measurable onboarding improvements.
- Partnered with engineering and compliance to improve release quality for payments dashboards.

Product Analyst

MarketBridge Africa | Accra

2020-05 – 2022-01

- Built weekly product reports using SQL and spreadsheet dashboards for leadership reviews.
- Mapped customer drop-off patterns and helped prioritize fixes for account verification.
- Documented experiment results and shared recommendations with product, sales, and operations.

Operations Intern

StartHub | Lagos

2019-06 – 2020-04

- Supported founder community events, member onboarding, and programme reporting.
- Prepared partner briefing notes and maintained sponsor contact records.
