PROFESSIONAL SUMMARY

Product manager with experience coordinating customer research, roadmap planning, and launch execution across African fintech products. Strong record partnering with engineering, support, compliance, and sales teams to improve onboarding and reporting workflows.

EXPERIENCE

Product Manager

2022-02 – Present

LagosPay | Lagos

- Led roadmap planning for merchant onboarding workflows used by sales and support teams.
- Coordinated user research across 45 merchants and translated findings into measurable onboarding improvements.
- Partnered with engineering and compliance to improve release quality for payments dashboards.

Product Analyst

2020-05 – 2022-01

MarketBridge Africa | Accra

- Built weekly product reports using SQL and spreadsheet dashboards for leadership reviews.
- Mapped customer drop-off patterns and helped prioritize fixes for account verification.
- Documented experiment results and shared recommendations with product, sales, and operations.

Operations Intern

2019-06 – 2020-04

StartHub | Lagos

- Supported founder community events, member onboarding, and programme reporting.
- Prepared partner briefing notes and maintained sponsor contact records.
